

Lace Wig Cap Designs

a.) Lace (front) + Stretch (from ear to ear) +Lace (back)

Full Lace Cap With Ear to Ear Stretch Lace.

Allows hair to be worn in a high ponytail.

b.) Lace (front) + Stretch (in crown only) +Lace (back)

Full Lace Cap With Stretch Lace In The Crown Area Allows hair to be worn in a high ponytail.

c.) Full Lace Cap (no stretch)

Full Lace Cap (no stretch)

Allows hair to be worn in a high ponytail.

d.) Full Lace Wig Cap with Ear to Ear Stretch Lace and Adjustable Strap in the Back

Full Lace Cap with adjustable strap in back. There is no need to use adhesive at the nape with this design. Does not allow hair to be worn in a high ponytail.

e.) Full Lace Cap with Stretch Lace in the Back Area

Full Lace cap with stretch lace in the back and adjustable strap. There is no need to use adhesive at the nape with this design. Does not allow hair to be worn in a high ponytail.

f.) Full Lace Cap with Ear to Ear Stretch Lace and Thin Skin Around the Perimeter

Full Lace Cap With Ear to Ear Stretch Lace and Thin Skin Around the Perimeter.

We do not recommend this cap unless you plan on wearing bangs all the time.

Note: Thin skin can be more difficult to camouflage on non-white skin tones.

Allows hair to be worn in a high ponytail.
